Connecting to Guest Wi-Fi: Mac (cont.)

4. Type in **your email** and click **Log In.**
   Note: After **4 hours**, you will be prompted to enter your email address again.

Wireless Network

Let's get connected! Our official wireless network is eduroam (**edu**cation **roam**ing), a secure, world-wide roaming access service for academia. Once you're in the eduroam Wi-Fi network, you're instantly connected on campus, and at any participating eduroam hotspot – without data or roaming charges.
